## MEMO

**TO:** Membership

**DATE:** March 7, 2005

**FROM:** Mark G. Bagan  
Vice President, Market Administration

**SUBJECT:** Brokerage Report

At the request of members, the Minneapolis Grain Exchange (“MGEX”) looked into developing a report specific to an individual floor broker that would list brokerage activity by clearing member. The MGEX determined such a report was possible and the programming and testing has been completed.

In order to request a Brokerage Report, a member will have to complete a Request For Brokerage Report. The request form is available during business hours in Suite 111 of the Grain Exchange Building. Once the request is completed, the Brokerage Report will be hand delivered to the member on the trading floor within two business days.

Please be aware that the information contained in the Brokerage Report is derived from trade information and data provided to the MGEX Clearing House by clearing members. Adjustments to accounts or trade information may have occurred subsequent to clearing and may not have been provided to the MGEX Clearing House. Consequently, the MGEX must disclaim any liability with regard to accuracy or completeness of the Brokerage Report.

If you have any questions, please contact Layne G. Carlson at (612) 321-7169.
